

**Jan Hrbáč**

**Sending Institution:** FMT, VŠB-TUO

**Position:** bachelor student

**Project Name:** *The use of mixed oxide catalysts as an option to reduce emissions from small combustion devices.*

**Project Duration:** 6.11.-24.12.2023

**Used Infrastructure:** Chemisorption analyser, Microwave reactor, Experimental unit for testing catalysts in microscale, X-ray powder diffractometer, Atomic absorption spectrometer, Physical sorption porosimeter.

**Expected Output:** Final thesis
