

## Position-adjustable furnaces

### Description/Parameters

Nabertherm tube furnace with adjustable position.

- Heated tube length: 250 mm (total tube length: 360 mm).
- Isothermal zone: 80 mm.
- Touchscreen display.
- USB connectivity to PC.
- Maximum temperature: 1100 °C.
- Maximum heating rate: 1500 °C/h.
- Minimum heating rate: 1 °C/h.
- Language selection (CZE, ENG, DE) upon startup.

### Utilization/Services

Pyrolysis and catalytic experiments.

Co-funded by  
the European Union
