ČEZ ENERGO
Vítkovice Heating Plant

MAGNETON

MODEL
Opava

ENERGY AUDIT
• **Recommended option:** thermal insulation of selected buildings, complete rebuilding of steam system to hot-water system
• **Budget for recommended option:** approx. CZK 111,700,000

ENERGY AUDIT
• **Recommended option:** installation of energy saving internal lighting system, renovation of "Boletice" cladding on selected buildings, compressor house innovation using recovery heat
Budget for recommended option: approx. CZK 107,000,000

ENERGY AUDIT
• **Recommended option:** operation of cogeneration unit with 3,000 h/year tariff
• **Budget for recommended option:** approx. CZK 31,200,000

ENERGY AUDIT
• **Recommended option:** construction of new source firing waste paper (5.8 t/h)
• **Budget for recommended option:** approx. CZK 56,100,000

ENERGY AUDIT
• **Recommended option:** thermal insulation of selected buildings, installation of combustion turbine, rebuilding of transformer stations
• **Budget for recommended option:** approx. CZK 45,000,000
